What is a Permanent Prescription Drop Box?

A permanent prescription drop box is a place to dispose of any unwanted, unused or expired medication. Join Together Atlantic County (JTAC) is serious about helping you learn more about prescription medication misuse and ways to make a difference within your home & community

When are they available?

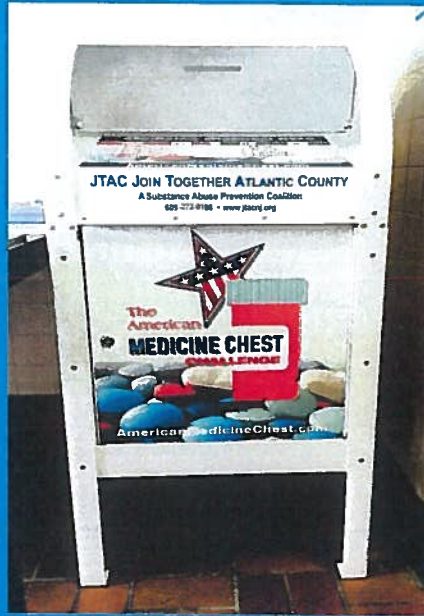

Most drop box locations are available 24 hours a day, 7 days a week, however some locations are only available during certain business hours. For locations & times please visit www.jtacnj.org

Why is it important?

Prescription medication misuse is a growing issue and continues to be a pressing concern in our local communities. One of the best ways to have a safe community, and to protect the environment in the process, is by disposing of any unwanted, unused and or expired medication.

5 Simple Steps

1. Take inventory of your prescription and over-the-counter medicine
2. Secure your medicine cabinet
3. Safely dispose of your unused, unwanted and expired medication
4. Take your medicine as prescribed
5. Talk to your children about the dangers of prescription misuse...they are listening

To find a drop box near you or for more information visit our website at www.jtacnj.org or contact us at (609) 272-0100
