Buena Vista Fire District # 4

Board of Fire Commissioners

Date: November 10, 2020 Time: 8:00 PM

The monthly meeting of The Board of Fire Commissioners of Buena Vista Township Fire District #4 Milmay was called to order by Chairman Robert Rigolizzo. Because of covid-19 Robert attended the meeting via zoom.

Four members of the public attended the meeting.

Hall Rentals - Lisa Tilton the township administrator, attended the meeting via zoom and summarized some of the areas in our hall rental contract that she recommended be addressed. They were a) insurance requirements for small family affairs versus social events, b) time frame for depositing the security deposits and fees into the appropriate bank accounts and time frame for returning security deposits, c) clearly stating that for those rentals that do not require a rental fee that they will still have to provide a security deposit, all applicable insurance declaration paperwork and fill out and sign the rental agreement, and d) Identify those responsible for administering the rentals. Robert then informed everyone that he would propose specific changes or additions to the rental agreement and present them at our next meeting for discussion.

Reading of Prior Meeting's Minutes:

The minutes of the October 13th meeting were read.

Treasurer's Report:

The treasurer presented a list of all bills payable for the past month. After some discussion a motion was made by Eric Hensel, 2nd Dan Ruga to pay all bills. All in favor, a copy is attached

Old Business:

Budget - We reviewed the prepared budget from Preziosi Accounting Services. A motion was made by Eric Hensel to approve the budget, 2nd Morgan Krokos. All approved. Nancy will send the budget to the state for approval.

New well with existing water pump - Quinlan has finished the well, they will complete the hook up within a few days.

Heater Replacement - Proposals from Woodruff Energy, Barretta Plumbing, and A.E. English were presented to either replace the broken downstairs heater with a new fuel oil heater, a natural gas heater, or replace both the broken heater and the upstairs fuel oil heater with natural gas. It was decided to have Barretta Plumbing only replace the broken fuel oil heater with a natural gas heater.

Since the estimates were for a 100K BTU heater, Dan Ruga brought to everyone's attention that we do not need to keep the entire downstairs (i.e., meeting room, changing room, firetruck room) heated to the same temperature. With that in mind it was decided to obtain an updated estimate for a smaller heater size, Robert will contact Barretta Plumbing for a revised estimate. Then he, Morgan, Dan, and Eric will decide whether or not to proceed with the heater replacement. Since the hot water heater for the post office and meeting room is also not working it was decided to, at the same time, have Barretta Plumbing fix the water heater.

Closing of hall - Robert mentioned that the dancers who rent the hall on a weekly basis informed him that they have very few in attendance and soon may have too few to cover the rental fees. However, the Rainbow Squares Dance Club would like to rent the hall for their annual meeting on November 21st. There are only about 25 people who would come and they would social distance, wear masks and not dance. With the reduced dance attendance and the surge in COVID-19 cases Robert made a motion to temporarily close the dance hall for all events starting November 23rd until further notice. All commissioners voted in the affirmative.

There being no further business, Robert made a motion to adjourn the meeting 9:30PM.
